

Feeling sick? Get help without going to the hospital

If you're feeling sick, speak to a Doctor via phone or video from the comfort of your own home with Doctors on Demand.

Download the Doctors on Demand app for:

-  No out of pocket expenses or additional costs
-  See a qualified Doctor without leaving home
-  On call 24 hours, 7 days a week
-  Access to a range of prescriptions
-  Quick access to medical certificates
-  Available for Allianz Global Assistance OSHC and OVHC Visitors Plus members

Global Assistance

Allianz 

Video doctor and prescription service is provided by AWP Australia Pty Ltd ABN 52 097 177 trading as Allianz Global Assistance through our telehealth services provider Doctors on Demand Pty Ltd. Terms and conditions apply, visit <https://allianzassistancehealth.com.au/en/terms/dod-terms/>

Speak to a Doctor in your local community or medical centre

In Australia, there are a number of ways to receive medical assistance.

Hospitals are **only for emergencies** and may incur additional costs.

In Australia you can see a Doctor, also known as General Practitioners (GP).

How can your local doctor or GP help you?

- Assessment and treatment of some health problems and injuries
- Mens and Women's health
- Referrals to specialist services
- Flu
- Stomach pains
- Rash
- Small sprains
